Alexander W. Lee

Curriculum Vitae

alexanderwlee@proton.me alexanderwlee.com

Education

B.A. Computer Science and Mathematics, Amherst College, 2022

Honors: summa cum laude (GPA: 4.0/4.0)

Thesis: DIFFUSR: Distortion-Free Swap-Randomization for Statistically-Testing

Data Mining Results
Advisor: Matteo Riondato

Publications

All publications are available from alexanderwlee.com/publications

Maryam Abuissa, Alexander Lee, and Matteo Riondato. ROHAN: Row-order ag-

nostic null models for statistically-sound knowledge discovery. Data Mining and

Knowledge Discovery, 37(4):16921718

2022 Alexander Lee, Stefan Walzer-Goldfeld, Shukry Zablah, and Matteo Riondato. A

scalable parallel algorithm for balanced sampling (student abstract). In *Proceedings* of the AAAI Conference on Artificial Intelligence, volume 36, pages 12991–12992

Presentations

2023 Maryam Abuissa and **Alexander Lee**. ROHAN: Row-order agnostic null models for

statistically-sound knowledge discovery, ECML PKDD Best Journal Track Papers

2022 Alexander Lee and Stefan Walzer-Goldfeld. A scalable parallel algorithm for bal-

anced sampling, AAAI Student Abstract and Poster Program

Honors and Awards

2022 The Computer Science Prize, Amherst College

2022 Phi Beta Kappa, Amherst College

Industry Experience

August '22– Software Engineer, Microsoft

Summer '21 Software Engineer Intern, Microsoft

Summer '20 Software Engineer Intern, Fidelity Investments

Summer '19 Software Engineer Intern, Health Sqyre

Teaching Experience

Teaching Assistant

August '23– AP Computer Science Principals, Francis Marion School (Microsoft Technology Ed-

ucation and Learning Support Program)

Fall '20 COSC 111: Introduction to Computer Science I, Amherst College

Fall '19 COSC 112: Introduction to Computer Science II, Amherst College

Peer Tutor

Spring '20 COSC 211: Data Structures, Amherst College

Spring '19 COSC 111: Introduction to Computer Science I, Amherst College

Leadership Experience

Spring '22 Peer Mentor for Careers in Technology, Amherst College Center for International

Student Engagement

Fall '20, Spring '21 President, Amherst College Computer Science Club

Undergraduate Coursework

Computer Science Data Mining, Machine Learning, Artificial Intelligence, Evolutionary Computation,

Distributed Algorithms, Parallel and Distributed Computing, Computer Security, Networks, Computer Architecture, Computer Systems, Algorithms, Data Structures,

Introduction to Computer Science II, Introduction to Computer Science I

Mathematics Probability, Real Analysis, Abstract Algebra, Linear Algebra, Discrete Mathematics,

Multivariate Calculus, Intermediate Calculus, Introduction to Statistical Modeling
