Alexander W. Lee
Curriculum Vitae

alexander_w_lee@brown.edu
https://alexanderwlee.com

Education

2024– Brown Universtiy
Ph.D. in Computer Science, GPA: 4.00/4.00
Advisor: Uğur Çetintemel

2018–2022 Amherst College
B.A. in Computer Science and Mathematics, *summa cum laude*, GPA: 3.95/4.00
Thesis: DIFFUSR*: Distortion-Free Swap-Randomization for Statistically-Testing Data Mining Results*
Advisor: Matteo Riondato

Publications and Preprints

All publications and preprints are available from https://alexanderwlee.com/publications

Honors and Awards

2024 NSF Graduate Research Fellowship, National Science Foundation
National research fellowship for outstanding STEM graduate students

2022 The Computer Science Prize, Amherst College
Top student in computer science, based on honors thesis and overall achievement

2022 Phi Beta Kappa, Amherst College
National honor society

Industry Experience

2022–2024   Software Engineer, Cloud + AI, Microsoft
Developed product catalog services that power the company's commerce platforms

Summer '21   Software Engineer Intern, Cloud + AI, Microsoft
Built diagnostic tooling to debug issues in the business's product catalog services

Summer '20   Software Engineer Intern, Fidelity
Created call routing and productivity software for the company's contact centers

Summer '19   Software Engineer Intern, Health Sqyre
Refined the payment microservice for the startup's medical supplies marketplace

Research Mentorship Experience

2024–   Justin Chan, Brown University
Integrity Constraints for AI-Augmented Data Processing Systems

2024–   Michael Fu, Brown University
Integrity Constraints for AI-Augmented Data Processing Systems

2024–   Nicolas Kim, Brown University
Integrity Constraints for AI-Augmented Data Processing Systems

2024–   Akshay Mehta, Brown University
Integrity Constraints for AI-Augmented Data Processing Systems

Teaching Experience

Teaching Assistant

2023–2024   AP CS Principles, Francis Marion School (Microsoft TEALS Program)

Fall '20   COSC 111: Introduction to Computer Science I, Amherst College

Fall '19   COSC 112: Introduction to Computer Science II, Amherst College

Peer Tutor

Spring '20   COSC 211: Data Structures, Amherst College

Spring '19   COSC 111: Introduction to Computer Science I, Amherst College

Leadership Experience

Spring '22   Tech Peer Mentor, Amherst College Center for International Student Engagement
Mentored a cohort of six international students interested in pursuing careers in tech

Fall '20,   President, Amherst College Association for Computing Machinery Student Chapter
Spring '21   *Led alumni panels, interview prep sessions, and software engineering crash courses*

Coursework

Graduate

Computer Science	Topics in Database Management, Database Management Systems, Computational Linguistics, Probabilistic Methods in Computer Science

Undergraduate

Computer Science	Data Mining, Machine Learning, Artificial Intelligence, Evolutionary Computation, Distributed Algorithms, Parallel and Distributed Computing, Computer Security, Networks, Computer Architecture, Computer Systems, Algorithms, Data Structures, Introduction to Computer Science II, Introduction to Computer Science I
Mathematics	Probability, Real Analysis, Abstract Algebra, Linear Algebra, Discrete Mathematics, Multivariate Calculus, Intermediate Calculus, Introduction to Statistical Modeling
